REPORT OF COUNCIL,

To the Members, at the Annual General Meeting, Wednesday, February 24th, 1886.

I. SESSION 1884–85.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1914, being an increase of 49 on that of the preceding Session. Of these Pupils, 1246 were Students in the College, and 668 Pupils in the School. Of the Students, 405 belonged to the Faculty of Medicine, 99 being new Students: in the Faculties of Arts and Laws and of Science there were 841 Students, 505 being new Students. The largest number of Boys in the School in any one Term was 561.

As compared with the preceding Session these figures show a decrease of 2 Students in the Faculty of Medicine, and an increase of 8 in the new Students. In the Faculties of Arts and Laws and of Science there was an increase of 62 Students, and an increase of 28 in the new Students. There was a decrease of 11 in the number of Pupils in the School.

The Fees received (exclusive of those for Clinical Instruction) amounted to £32070 3*s.*, being £126 less than in the Session 1883–84.

The details for the two Sessions compared were as follows :—

	1884–85.			1883–84.		
	£	*s.*	*d.*	£	*s.*	*d.*
Faculty of Medicine	6681	3	0	6738	18	0
Faculties of Arts and Laws and of Science.....	12,058	4	0	11,555	5	0
School	13,330	16	0	13,902	0	0
	£32,070	3	0	£32,196	3	0

The total payments to Professors, Teachers, and Masters amounted to £21,475 9*s.* 9*d.* In addition to the above-stated amounts, the sum of £2203 8*s.* 6*d.* was received for Clinical Instruction in the Hospital, making a total of £8884 11*s.* paid by Students of the Faculty of Medicine in the Session.

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was awarded last year to C. F. T. Blyth, who gained the seventh place in the Honours Division.

At the June Matriculation Examination in the University of London in 1885, four places in the Honours Division were gained by pupils of the School, the West Scholarship in English being awarded to one of the four, A. Vaughan, and at the January Examination this year one pupil of the School obtained Honours.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1880–81.....	607	616	623	615
1881–82.....	600	599	587	595
1882–83.....	568	582	610	587
1883–84.....	582	576	566	575
1884–85.....	561	556	555	557

In the first Term of the present Session the number was 546.

From the Tables submitted it appears that out of a total of 668 boys, 34 were entered in the Black Book last Session, the total number of entries being 47.

Four Scholarships, defraying half the cost of admission to the School for three years, will in July be offered for competition among boys between the ages of twelve and fourteen, whether already in the School or not.

The relatives of the late Edward J. Emanuel, a former pupil of the School, have founded the "Edward J. Emanuel Prize," consisting of books of the value of £5, and given annually, for a subject fixed from time to time by the Head Master.

II. GENERAL FINANCES.

The surplus of receipts over expenditure for the Session 1884–85 was £629 15*s.* 5*d.*

There was at the end of the Financial year a debt of £8932 2*s.* 2*d.* on the extension of the North Wing, being a reduction of £858 15*s.* 4*d.* on the debt of last year.

III. THE CURRENT SESSION.

The entries of Students to February 1st, 1886, have been as follows:—in the Faculty of Medicine, 331, of whom 53 are new Students; in the Faculties of Arts and Laws and of Science, 695, of whom 346 are new Students: in the School, in Michaelmas Term, 546, of whom 92 were new pupils; in the present Term, 546, 54 being new pupils.

The College Fees received to February 1st are £4176 18*s.* in the Faculty of Medicine, and £9567 1*s.* 6*d.* in the Faculties of Arts and Laws and of Science.

PROFESSORSHIPS.

In February last Mr. Marshall resigned the Professorship of Surgery which he had held for nineteen years with much advantage to the students of the College. The Council, on the proposal of the Senate, have had the pleasure of conferring upon him the title of Emeritus Professor of Surgery and Clinical Surgery. The vacancy caused by his retirement has been filled by the appointment of Mr. Marcus Beck.

Professor Gunion, having resigned the Chair of Sanskrit, Mr. Cecil Bendall has been appointed to succeed him.

In March the Council heard with deep regret of the death of Professor Cassal, who for many years had rendered most valuable services to both School and College.

M. Henri Lallemand has been appointed in his place.

The Council have instituted a Professorship of Electrical Technology, and have appointed Dr. J. A. Fleming thereto.

Mr. R. J. Godlee has been appointed Teacher of Operative Surgery.

Mr. R. W. Fraser has been appointed Lecturer on Telugu and Tamil, and Mr. Kapadia on Gujarati.

* The names under this heading are in alphabetical order.

AMENDMENT OF BYE-LAWS AFFECTING PROFESSORS.

The Council resolved, on April 18th, that it was expedient that the Bye-Laws of the College should be altered so as to admit of a certain number of Professors being Members of Council without thereby vacating their Professorships.

They accordingly summoned, on December 12th, an extraordinary General Meeting of the Members of the College to consider this important alteration in the College constitution. At that meeting the following motion was carried :—

> "That the Bye-Laws be amended by the addition to Section II. of the following Clause (22) :—
>
> > "The provisions of Clauses 19, 20, and 21 shall not apply to such Professors, not exceeding at any time three in number, as may by resolution of the Senate be annually excepted from the operation thereof."

PROPOSED AMENDMENT OF BYE-LAWS AS TO MEDICAL FACULTY.

It is proposed that an alteration should be made in the Bye-Laws to the effect that the Faculty of Medicine shall include such members of the Medical Staff of the Hospital holding the position of Physician, Surgeon, Assistant-Physician, or Assistant-Surgeon as are not Professors ; but that these non-professorial members of the Faculty shall not be members of the Senate, or exercise such functions as are expressly reserved in the Faculty to Professors.

The change appears to be called for in the interests of the Medical School, in order that the services of a new class of teachers, which has grown up since the formation of the list of Professors, may be available to the Council, as at present they are to the Hospital Committee, for purposes of counsel and advice. The new members of the Faculty will not have seats on the Senate, or take part in the election of Dean.

BUILDING DEBT.

Although the debt is being gradually decreased by the annual application of about £850 from the income of the Goldsmid Fund, the Council desire to remind the Members of the College that a sum of nearly £9000 is still owing in respect of the North Wing, and that there is consequently a heavy annual charge for interest and repayment of that debt. It would be of the utmost advantage to the College if this burthen could be diminished and the income of the College set free.

ENGINEERING DEPARTMENT.

The Gilchrist Trustees have made a grant of £100 for the purchase of Engineering Apparatus, which has enabled the addition to be made to the Laboratory of a small "Davey" Engine, an Accumulator, a Beam Testing Machine, a Cement Testing Machine, &c. &c.

A new boiler has been placed in this Department at a cost of over £150, of which a considerable part has been borne by Professor Kennedy. The boiler was made at the works of Mr. Lindsay Burnet (Glasgow), an old Student of the College, who has kindly supplied the boiler and fittings at cost price.

CLASS-ROOMS.

Some of the Class-rooms have been refitted with chairs and tables in place of the benches and desks, and the Council desire to be able gradually to proceed with this very important improvement.

PHYSIOLOGICAL APPARATUS FUND.

The Clothworkers' Company have contributed £100 to the Fund now being raised for the completion of the Fittings and Equipments of the Physiological Laboratory. The amount still required for this purpose is upwards of £1000.

BARLOW LECTURES.

Twelve Lectures on Dante's 'Divina Commedia' will be given after Easter by Professor Farinelli, probably commencing on May 4th. The Lectures will be in Italian. They will be open to the public without payment or tickets.

INDIAN SCHOOL.

The privilege of a third year's probation to Selected Candidates for the Indian Civil Service who stay at Oxford and Cambridge to graduate before going out to India, has now been extended to those studying at this College. The Council has also been authorized, in fit cases and under such conditions as it may appoint, to grant to selected Candidates permission to reside with some suitable person sanctioned by the Council, while they are studying at University College in the Indian School. This is an extension of the permission previously granted for such Students to reside in University Hall, or with an authorized Professor of the College, and by this concession it has been rendered possible for the Council to allow such students to reside at home on certain conditions. Since it was not possible to make these facts known to the newly selected Candidates when they were choosing their places of study for the present Session, there has been some diminution of the numbers who attend; but the results of the Periodical Examinations at the India Office remain highly satisfactory. At each of the two Periodical Examinations held during the past year, three students of University College have been among the six who obtained the highest total of marks in all subjects. Students in our Indian School have also obtained at these Examinations the first places in English Law, Sanskrit, Marathi, Hindustani, and Hindi, taking prizes in the two latter subjects, and they have supplied the only men who passed in Burmese and Arabic, the student who passed in Burmese obtaining 349 marks out of 400.

PEEL MEMORIAL FUND.

The income of this Fund in 1885 was expended in the purchase of books, &c., presented to the Dewsbury Mechanics' Institute, the Milford Mechanics' Institute, Milford Haven, and the Lostwithiel Working Men's Institute, Cornwall.

HOSPITAL.

The title of Consulting Surgeon to the Hospital has been conferred on Professor Marshall on his retirement from active service in the Hospital.

Dr. Barlow has received the title of Physician to the Hospital, and Mr. Barker and Mr. Godlee, that of Surgeon.

Mr. Victor Horsley has been appointed Assistant Surgeon.

Dr. Maudsley and Dr. Pollard have been re-appointed to their respective offices of Resident Medical Officer and Surgical Registrar.

The Committee of the Metropolitan Hospital Sunday Fund awarded to University College Hospital from their 1885 Collection £1293 15*s.*, and the Committee of the Hospital Saturday Fund £197 15*s.* 6*d.*

The "People's Contribution Fund in aid of the Hospital" has also contributed £600 to the Charity during 1885.

A festival dinner was held at the Langham Hotel on the 13th May, at which H.R.H. the Prince of Wales graciously consented to preside; it was numerously attended, and His Royal Highness most eloquently pleaded the cause of the Hospital. The result of the contributions on that occasion was very gratifying, amounting to £3260, but unfortunately the Legacies and General Donations during the past year have fallen off, so that there is still a heavy debt.

His Royal Highness laid special stress on the fact that before long it will be an imperative duty, not only to enlarge, but to rebuild the Hospital. This need has appeared so urgent to those most competent to judge, that the Council have appointed a Joint Committee of the Members of the Council, the Hospital Committee, the Medical Committee, and the Faculty of Medicine to place it before the public in order that a fund may be accumulated. An advertisement will shortly be issued appealing for contributions, and in the meanwhile the Treasurer of the Hospital and the Secretary will be happy to receive any donations for that special object or for the general purposes of the Charity, and again call attention to the "Old Students' Jubilee Fund" established in 1884, which was alluded to in last year's Report.

Return of Services of the Members of Council from February 1, 1885, to January 31, 1886, inclusive.
